

Thank you for requesting a donation from Eden Salon & Spa. As a business that is committed to our community, we believe it's important to support worthy organizations. We also recognize that there are times when individuals in crisis need help from businesses like us with their fundraising efforts.

We receive requests daily for donations. As much as we would like to donate to all of them, we do not have the resources to do so. If we do not grant your request at this time, please contact us again in the future when your organization is requesting a donation.

Thanks for thinking of Eden Salon & Spa.

Sincerely,

Richard Hill
